ESSENTIAL TO HAVE AIR & SURFACE DISINFECTION YOU CAN TRUST 24/7!

Over a decade of testing, patented ActivePure® Technology has been proven to eliminate over 99.9% of many common airborne and surface contaminants including viruses, bacteria, mold, fungi, VOCs, smoke, allergens, and odors.

HOW IT WORKS

- Our proprietary ActivePure® Technology converts oxygen and moisture from the air into powerful microscopic oxidizers to seek out pathogens in the air and surfaces to destroy on contact
- ActivePure® Technology provides safe continuous surface and air disinfection in occupied spaces

NOTABLE ACTIVEPURE® FACTS

- Primary technology in a FDA-Cleared Class II Medical Device
- Originally developed by NASA and inducted into the Space Technology Hall of Fame in 2017
- Ongoing 2-year double-blind study with the Cleveland Clinic
